## **DATE:** February 13, 2014 **SUBJECT:** Week Five of the 2014 Legislative Session

The General Assembly met for two days during week five of the 2014 legislative session due to snow and ice storms all over the state. Legislators were quick to act on Tuesday, shutting the Capitol down and passing a <u>new adjournment resolution</u>. As such, we will reconvene for week six and legislative day 22 on Monday, February 17<sup>th</sup>. Crossover Day will be March 3<sup>rd</sup> and Sine Die is March 20<sup>th</sup>. Here are some additional highlights from this week:

**2015 Budget:** The House Appropriations Committee <u>passed</u> the 2015 Budget. It should be heard on the House Floor on Monday. The full tracking document can be accessed <u>here</u>.

**SB 370:** This proposed piece of legislation would change the current code relating to pharmacists and pharmacies to add the terms "biological product" and "interchangeable biological product." Under this bill, pharmacists would be obligated to disclose any changes to a patient's prescription via written label. This legislation does not require the pharmacist to disclose any changes verbally. It has been referred to the Health and Human Services Committee.

**HB 990:** Dropped on Tuesday, this bill would essentially take the Governor's power to expand Georgia's Medicaid program and place it in the hands of the Legislature. It is sponsored by Speaker pro tem Jan Jones of Milton, Speaker David Ralston of Blue Ridge, and Majority Leader Larry O'Neal of Bonaire. It is important to note that this bill would only allow the Legislature to *expand* Medicaid, not reduce it. For the full story, click <u>here</u>.

**Schedule:** The House and Senate are adjourned until 10:00 Monday morning for the 22<sup>nd</sup> legislative day.

<u>SB224</u>	(1) Golden, Tim 8th (2) Shafer, David 48th (3) Chance, Ronnie 16th	HC: <u>Ways &amp;</u> <u>Means</u> SC: <u>Insurance</u> and <u>Labor</u>	Summary Mar/28/201 3 - House Withdrawn, Recommitte d	(Support) Invest Georgia will be overseen by a five-member appointed board. Through a competitive bid process the board will select a third-party fund administrator, which will then competitively select venture capital funds to manage investment activities focused on both Georgia early or seed stage and growth stage companies. The venture capital funds must have or establish a physical presence in Georgia in order to ensure that the investments are Georgia- focused. The State will contribute \$95 million over a five-year period into the Fund to serve as principal. The returns from the investments by the venture funds would be distributed in the following manner: the principal amounts of the investment will be retained by the Invest Georgia Fund as well as 80 percent of the profit, while the remaining 20 percent will be retained by the venture fund as profit. The Invest Georgia Fund is created as a separate fund maintained by the board and will be capitalized through grants from the existing Seed-Capital Fund, designated State appropriations to ATDC, and private contributions to the board. The capital raised will be periodically distributed to the venture capital funds selected by the fund administrator. State funding will be dispersed annually over a five-year period in the following amounts: \$10 million; \$15 million; \$15 million; \$25 million; and \$35 million.

<u>HB310</u>	(1) <u>Wilkinson</u> , Joe 52nd	HC: <u>Ethics</u> SC: <u>Ethics</u>	<u>Summary</u> Jan/21/2014 - Act 343	HB 310 would move state and partisan county primaries to the same day, from July to May 20. That complies with a federal judge's order so that ballots from overseas members of the military have time to be counted in any runoff. The bill would also require all candidates to file a campaign finance report on March 31. That date, however, would appear to be mostly aimed at unelected challengers because incumbent state officials cannot raise money during the 40-day legislative session, according to the AJC. With little or no fundraising to report, incumbents would have little to disclose by March 31. This bill was the first bill to be passed and signed by the Governor in the 2014 legislative session.
<u>HB688</u>	(1) <u>Kirby</u> , <u>Tom</u> <u>114th</u> (2) <u>Lindsey</u> , <u>Edward</u> <u>54th</u> (3) <u>Sheldon</u> ,	HC: <u>Ways &amp;</u> <u>Means</u> SC:	Summary Jan/13/2014 - House Second Readers	HB 688, sponsored by Rep. Kirby, proposes to eliminate income taxes collected by the state, taking effect January 2015. The imposed tax will remain in retail purchases, retail sale, rental, storage, use or consumption on tangible personal property, among others. The percentage of tax will be determined by the General Assembly
